9. **IDENTIFICATION CARD AND PROPERTY MARKINGS:** A green identification card(s) will be mailed to you after your completed application has been filed. This card(s) as well as the required property markings (i.e., flagging tape or stakes) which will delineate the proposed severed lot are to remain there until the decision of the Township of McNab/Braeside becomes final and binding. The identification card(s) and property markings will assist the reporting agencies in visiting the site and in preparing their reports. Check frequently to ensure cards and markings are in place.
10. **WATER SUPPLY AND SEWAGE DISPOSAL SERVICES INSPECTION:** Each application is circulated to the responsible authority to determine if the proposed or existing water supply and sewage disposal services meet provincial requirements. There may be a separate fee for this review of the application and the amount of the fee varies. For further information, please call the municipality within which the proposed severance is located.
11. The **FEE** per application is **\$400.00** per new lot created plus **\$100.00** for the County of Renfrew report. For a revision to a severance the fee is **\$250.00**. This fee is subject to change by the Township of McNab/Braeside. If paying by cheque, please make it payable to the Township of McNab/Braeside.

TOWNSHIP OF McNAB/BRAESIDE GUIDE TO THE CONSENT PROCESS

Note: This guide has been prepared for information purposes only. For a complete reference to the consent process, please consult the Planning Act, as amended, which is the governing provincial legislation.

1. Three people who are appointed by the Council make up the Committee of Adjustment.
2. Consents must meet the policies and requirements of the official plan, zoning by-law in effect and "have regard to" the Provincial Policy Statement under the Planning Act. You can review these documents at the municipal office.
3. The Committee of Adjustment consults with public bodies which have responsibilities for matters that may be affected by a consent (severance). Some of these bodies may include the local planning municipality, public health unit, County of Renfrew, Trans Canada Pipeline etc.
4. An application for consent is reviewed by the Committee of Adjustment at a public hearing. Applicants or authorized agents are encouraged to attend. As well, any interested person may attend. The Planning Act requires that property owners within 60 meters of the subject property be given notice of any application for consent.
5. The Committee of Adjustment may decide to hold an application in abeyance to allow for certain matters to be resolved. These matters may include the official plan and zoning conformity, agency comments, and insufficient information supplied by the applicants. It is the responsibility of the applicant to follow-up these matters.
6. The Committee of Adjustment will approve a consent with appropriate conditions or refuse a consent with reasons.
7. A decision or any condition(s) of the Committee of Adjustment can be appealed within twenty (20) days of the date of the decision.
8. Conditions of consent must be met, verified and delivered along with a copy of the survey and the deed to be signed and stamped by the secretary/chairperson of the Committee of Adjustment within one (1) year of the decision. If the one (1) year period is not met, the consent will be deemed to be refused.

NOTE: A reference plan (survey) is normally required to be supplied by the applicant. However, in some cases a registerable description can be used instead of a survey.

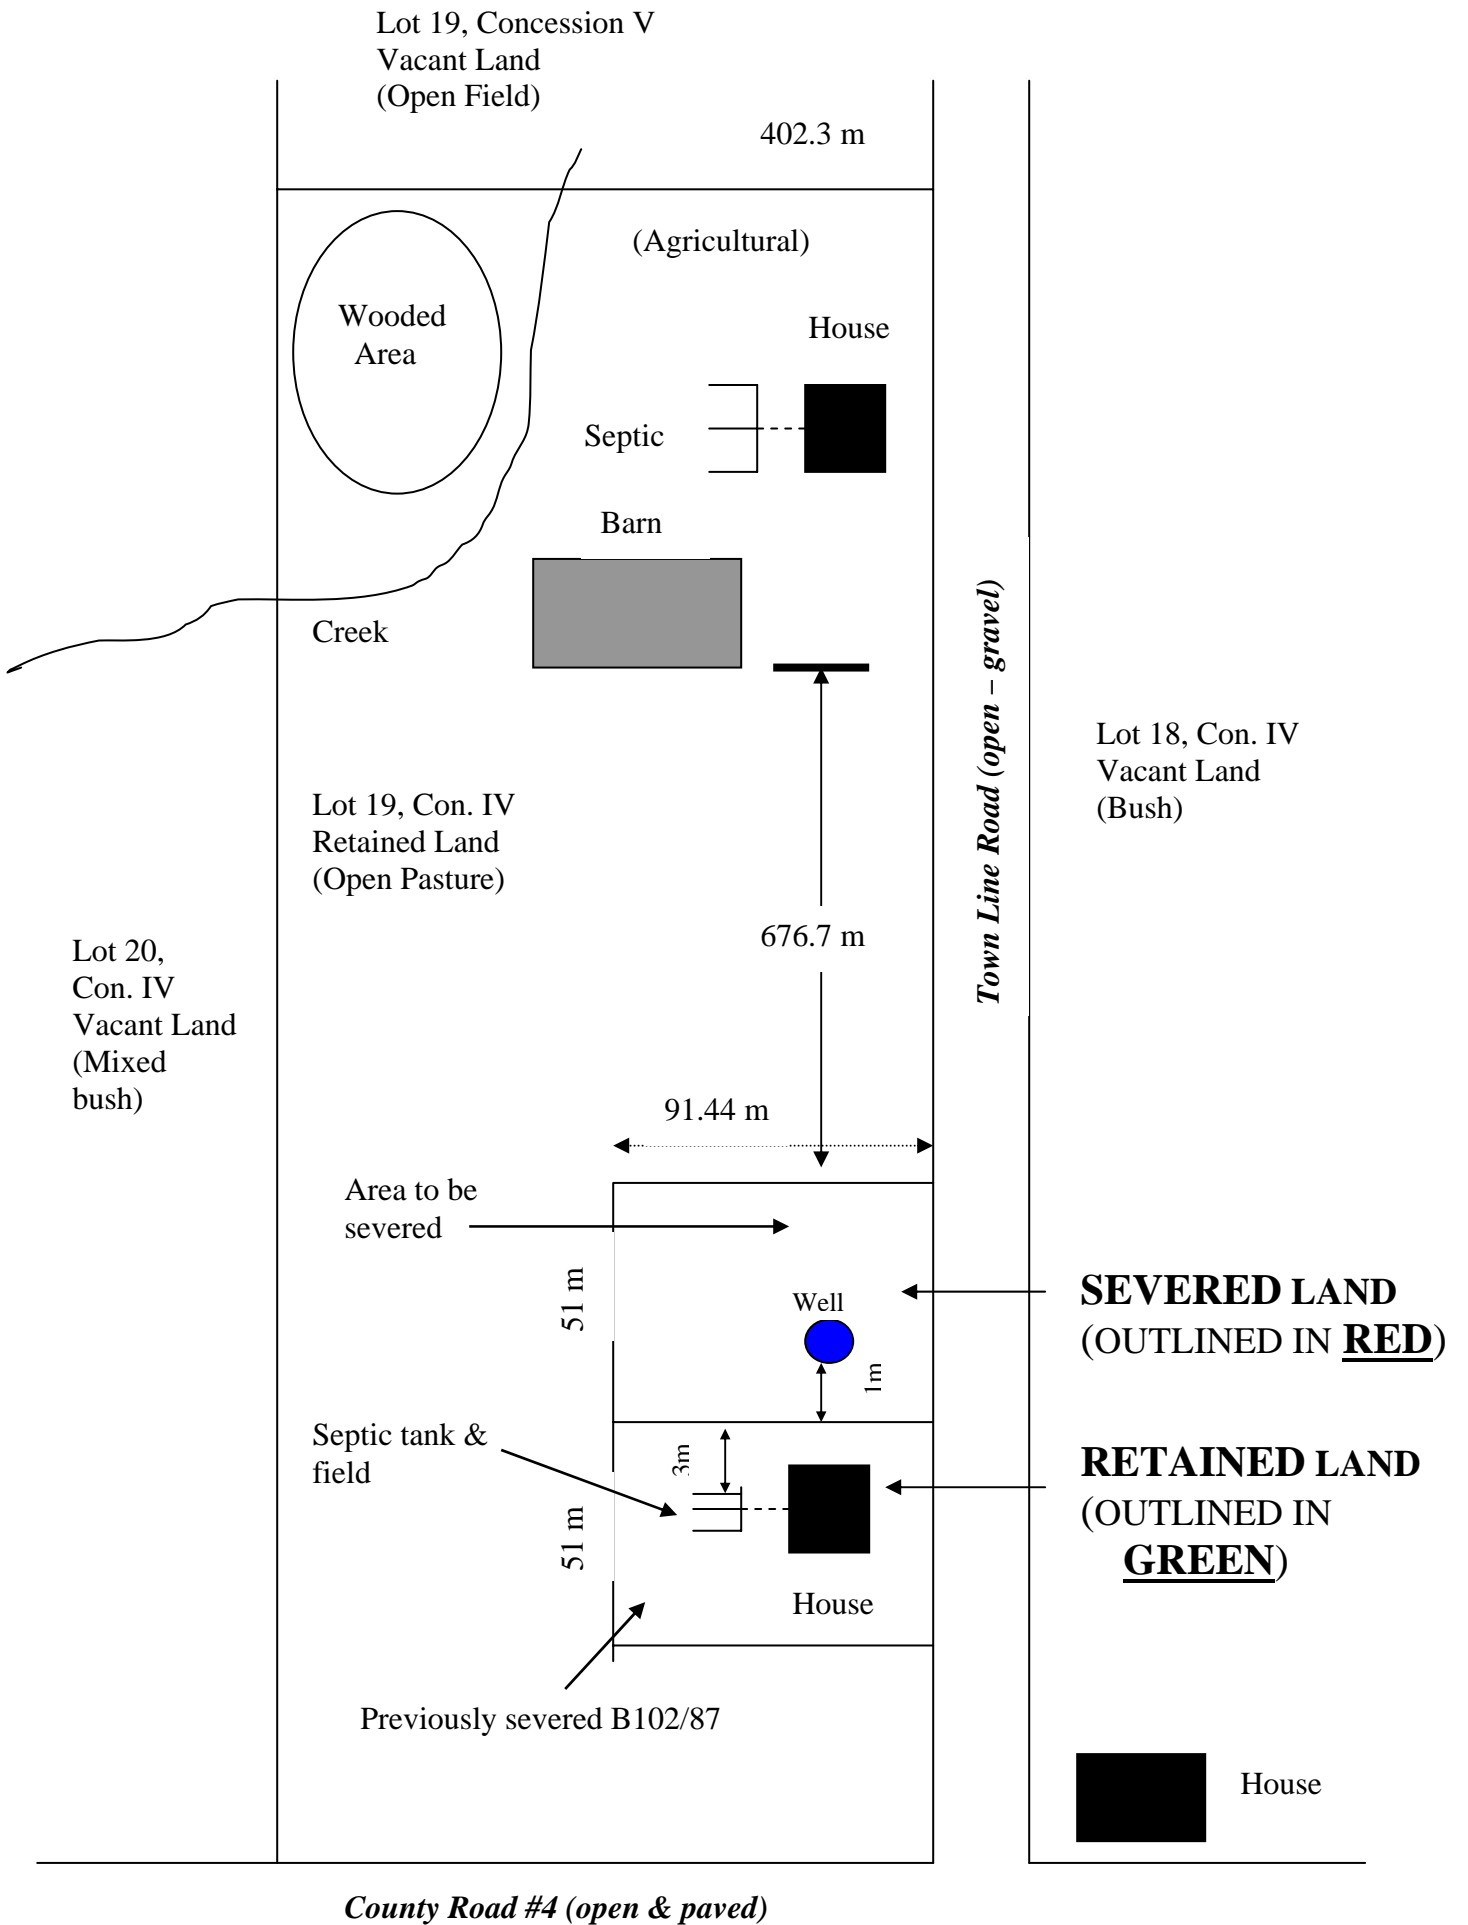

The Committee of Adjustment will advise the applicant when the reference plan is required. Usually this is a condition of consent but in some cases it may be requested prior to the making of a decision. The survey must closely match the sketch and the information on the application form which the applicant submitted. It is therefore important that you not give the surveyor different instructions.
