

The Township has been advised that our Contractor for recycling collection and processing has ceased operations as of yesterday. We are asking all residents to not put out their curbside recycling this week as we work on an alternative solution to continue this valuable service. For those who have put out their recycling for the Monday pickup we ask that you bring it back in, we apologies for the inconvenience this may cause. We will be exploring all avenues to find a processor for our Blue Box recyclables and to keep it out of the Landfill however in the short term this maybe the only option due to the ongoing crisis with the recycling industry. We will provide an update with more information as soon as possible.

Thank you for your patience and understanding.
