LOOK. LISTEN. LEARN.

BE AWARE! Fire can happen *anywhere*.

LOOK for potential fire hazards around your home.

Take action to **prevent fire** from starting.

GET OUT & STAY OUT!

LISTEN for the smoke alarm in an emergency.

Make sure everyone knows the sound of the smoke alarms and can hear them in an emergency.

There is no time to spare in a fire.

Early detection gives you the extra seconds you need to get out safely.

LEARN two ways out of every room in your home.

Practice an escape plan with everyone in your home before a fire starts so you and your family can get out quickly.

When the smoke alarms sound in an emergency, get out **immediately** and call 9-1-1 from outside. **Never re-enter a burning building.**
