Proposed Zoning By-law Amendment

The purpose of this amendment is to rezone a total of approximately 5100 square metres of a 12.5 hectare rural waterfront property to permit a new proposed dwelling near the Madawaska River and to permit a new detached garage with an increased maximum accessory building height, from 5.0 metres to 6.0 metres to accommodate roof-top solar panels. This rezoning includes approximately 450 square metres of Environmental Protection (EP) lands. A slope stability assessment has been submitted in support of the application to permit the new dwelling and garage at the proposed location.

The overall effect of the amendment will be to rezone that portion of the property to be developed with the new dwelling and garage, from Rural (RU) and Environmental Protection (EP) to Rural-Exception Five (RU-45). All other provisions of the Zoning By-law will apply.
