PRE-AUTHORIZED PAYMENT PLAN

Paying your taxes by pre-authorized payments means eliminating the chore of writing cheques and ensuring your payment reaches the Township office by the due date. You'll never have to worry about remembering to make a payment or paying the cost of postage or incurring a possible late fee.

How Does The Plan Work?

There are two different payment plan options: monthly or installment.

The **Monthly Payment Plan** runs from January to November. Installments are withdrawn on the 15th of each month. The first six monthly installments (January - June) of each year are based on the prior year annualized taxes plus 2% to help smooth out potential impacts associated with increases in assessment and / or final tax rates.

After the final tax rates have been established, the remaining monthly payments (July - November) will be adjusted to reflect the balance of taxes owing.

Ratepayers will be provided with a schedule twice a year which will outline the payments throughout the year.

There is no payment in December and the program automatically starts again the following January.

The **Installment Payment Plan** is based on the tax due dates set for the interim and final tax bills. The amount due will be withdrawn automatically from your financial institution on the scheduled tax payment due dates.

**** NOTE**** New charges, such as supplementary and omitted assessments (for improvements or new construction) or outstanding charges added to the tax roll (throughout the year) are not included in the plan. They must be paid for as they come due.
